The Graham & Morton Passenger Fleet

THE STEAMSHIP "City of Grand Rapids," the latest ship acquired by this Company, is a most excellent example of modern marine architecture. A propeller, having a monstrous triple expansion engine developing 4,500 horsepower and a speed of 20 miles per hour, is 310 feet in length and 48 feet in breadth, built entirely of steel, and having two freight decks and three passenger cabin decks. The hull is divided into seven water tight compartments, any one of which is large enough to float the ship. The freight decks are covered with an asphaltum composition which has a tendency to lessen the sound of trucks when handling the freight, while the social hall and toilet rooms are covered with asbestone, and the cabins are all laid with the finest of carpets so that the sleeping passenger is not awakened by any ordinary movement around the steamer. This ship has 210 staterooms and 26 parlors, fitted with electric lights, call bells, running water, hair mattresses and woven wire springs, giving sleeping accommodation for 650 people, the largest capacity of any ship sailing from Chicago crossing Lake Michigan. A magnificent mahogany finished dining room with seating capacity for 100 people, as well as two private dining compartments, are located in the forward end of the main cabin, where one seated at a table can enjoy the cool breezes off the lake through the large windows. This wonderful ship, together with the sister ship, "Puritan," which is equally well fitted with modern equipment, will make two trips daily between Chicago, Grand Rapids, Holland, Macatawa Park, Ottawa Beach and Saugatuck.

On the St. Joseph and Benton Harbor Division we have three of the largest steel sidewheel steamers plying on Lake Michigan, making three trips daily between Chicago and Michigan's great fruit belt. The steamers "City of Benton Harbor," "City of St. Joseph" and "Holland" are well known for their spacious dance halls and cabins as well as promenade decks. Each steamer has carrying capacity for about 2,600 people, with ample room and large, comfortable steamer chairs for each person. All conveniences in the cabin, with maids at the service of the lady passengers, while bell boys are to be had at every call. The trip on any one of these ships is enjoyed by everyone.

The steamer "Holland" will be for charter morning, afternoon and evening to private parties, clubs, societies and other organizations. This ship is equipped with a large dancing floor, promenade decks and cabins where entertainments can be arranged to suit your program, and a trip along the lake shore for a few hours is a treat not to be forgotten. Very few people realize the beauty of Chicago's lake front with its tall buildings and boulevards lined with countless electric lights.

TRAVEL BY WATER—NO HEAT, DUST OR CONFUSION

WHEN the body and mind are weary and sluggish, caused by the grilling heat of the summer, the natural desire is to escape to some nice cool spot for recreation. Whether you are able to get away from the energy-sapping heat of the city for a month, a fortnight or only a day or two, the wonderful Michigan resort country, with its rolling hillsides, peaceful valleys, murmuring brooks, glassy lakes and natural forests gives a variety of scenery sufficient to satisfy the most critical. There are unbounded advantages for peaceful rest and healthful recreation, such as camping on the banks of one of the many rivers, staying at some one of the numerous farm and rural homes or at the large commodious hotels, which are superior to any other resort country. Fishing, hunting, boating, bathing and tramping through the woods are a few of nature's own amusements, while golfing, tennis, baseball and other athletic sports are all here to be enjoyed.

To reach this wonderful country, the Graham & Morton line steamers offer you the best of accommodation. Your vacation begins the moment you step on board ship, and when you reach your destination after a cool and pleasant, refreshing trip on Lake Michigan the last traces of lassitude have vanished and you walk ashore with renewed energy and added life. No expense has been spared by this company to make your trip to Michigan one of great pleasure and comfort. Music is furnished for those who desire to dance, sleeping accommodations are of the best, while the dining service is not excelled by the finest hotels in the land.

THREE TRIPS DAILY TO ST. JOE-BENTON HARBOR

Old St. Joe and Its Attractions

In looking for a place to spend your summer outing you will find the first and oldest resort town in Michigan is St. Joe, 65 miles via the G. & M. line from Chicago across The Big Lake, a city of which many lyrics have been written by famous poets, making this resort one of lasting fame. It is situated on a most wonderful plateau overlooking summer months. To the east Lake Michigan's blue waters, where myriads of people come to enjoy their and back of the city is the broad river of St. Joe, which empties into the lake, and for miles south and north of this river along the lake shore are large estates and summer cottages. The starting point of what is known as "Michigan's Famous Fruit Belt" is here. No place in the

world can boast of such productions of fresh fruits; some of the many varieties are pears, peaches, plums, apples, cherries, grapes and berries, and the greatest of all of these is the Michigan Strawberry. Macadamized drive-ways extend for miles through the surrounding country, one of which, the "Lake Boulevard," is built along the top of the bluffs overlooking Lake Michigan, and leads past orchards and vineyards, with elegant homes bordering it on either side; the scenery together with delightful lake breezes makes this drive one long to be remembered. Another beautiful road "Peach Belt Way" is one that skirts along the shaded St. Joe river to Berrien Springs, a distance of sixteen miles over hill and dale, with acreage of fruit-laden trees the whole distance on either side, making a wonderful sight.

ENJOY YOUR WEEK-END IN NATURE'S GARDENS

There are a number of fine hotels in St. Joe, among which is the Whitcomb with its famous mineral baths for treatment of rheumatism and nervous diseases. Remarkable cures are effected here and the baths are well patronized both summer and winter. The second hotel in size is the Lake View, directly across the street from the Whitcomb, overlooking the amusement park of Silver Beach, and is renowned for its fine appointments and service. There are other smaller hotels and numerous boarding houses throughout the city where at very reasonable rates accommodations may be had, and to those who prefer private life many of the best families have spare rooms they will let to desirable people.

Silver Beach Amusement Park, located on the beach at Lake Michigan, has all the most popular forms of fun-making that are to be found in larger cities, such as skating rinks, dancing pavilions, roller coaster, and above all, the grandest bathing beach in the west,

as well as a natatorium, where one can bathe at their convenience, the water being heated to a moderate temperature all the time. The beach is of sand, with a gradual slope, no dangerous rocks, undertow or currents, making it a very pleasant and safe place for the adult to swim and the little ones to wade. On the crest of the hill is Lake Front Park, where many a pleasant

evening and Sunday are spent by vast numbers of people who congregate here to enjoy famous band concerts.

Three miles southeast of St. Joe is located the **Berrien County Country Club** with its more than comfortable club house, a splendid nine hole golf course, as well as tennis court and other amusements. All visitors are invited and the privileges of the club are extended at a nominal fee. To reach these

grounds you may drive over the splendid roads, take advantage of the Interurban cars, or launch up the beautiful St. Joe river.

The Edgewater Club, across the river north of St. Joe, on Lake Michigan shore, is the most exclusive resort in this community. The plan of the originators is to make this place a summer residence for those who desire the best and are able to afford it. A handsome club house and a number of beautiful private summer homes have been erected, the streets are paved with brick, lawns are sodded, and a park is made where once was nothing but fine white sand. At the club house meals are served to the guests as well as to the cottage resorters. Accommodations may be secured by writing to the Edgewater Club, St. Joseph, Mich. No expense has been spared to make this a very attractive and substantial resort.

The St. Joe River flows through a luxurious valley flanked on both sides for miles with verdant forests, terraced vineyards and beautiful farms. A trip in one of the many boats is very delightful and to some is becoming an annual pilgrimage.

The fish hatcheries operated by the state stock the river each year with bass, pike, pickerel and other of the finny tribe, which affords the angler unlimited pleasure.

Being in deep, cold water, the bass are gamey and a strike means that peculiar nerve tingle which experienced fishermen enjoy. The pier at the mouth of the river is lined daily with people from all the different resorts fishing for lake perch, which swarm these waters. Michigan game laws limit fishermen to a catch of twenty white bass and ten black bass each day.

St. Joseph has all the amusements to be found in any first class summer resort, and one contemplating a vacation of one day to several weeks would have to travel for many miles to find a more delightful place for recreation and pleasure.

THE NIGHT TRIPS ARE PLEASANT, COOL AND COMFORTABLE

Benton Harbor and Interesting Places

Connecting with St. Joe by a wide brick boulevard, one mile east, is situated the pretty little town of Benton Harbor, with its miles of clean, paved, well lighted streets and pleasant homes. Here are found the best hotels in this region, among which is the New Dwan, furnished throughout with all modern improvements for comfort, every room having telephone, electric lights, hot and cold water, together with elevator service and mineral baths which are thoroughly up-to-date. The Hotel Benton under its new management is giving excellent accommodations to the commercial as well as the pleasure-seeking public. The New Saltzman Hotel in every way is modern, and many of those who have visited this city know of its fine service in the mineral bath department. The Premier Bath parlors, which are the oldest in this vicinity, are located in the center of the down town district, where the first mineral water was found that has now become renowned throughout the United States for its great curative properties. See our list of hotels and boarding houses in this booklet.

The House of David, the home of the Israelites, a religious cult situated on the car line just out of Benton Harbor, is one of the most interesting resorts in this territory. The extensive grounds are all set to fruits, vegetables and flowers, with a large recreation park attached in which you will find bowling alleys, dance hall, airdome, zoo, horticultural exhibits and other amusement features. The Sunday afternoon concert by a band composed of lady Israelites is one of the most pleasing entertainments. Street cars run direct from our docks to the park.

Higman Park, with its beautiful summer homes owned by people from every state in the south and west, is one of the most pleasant resorts in this territory and is situated on Lake Michigan shore among the high wooded hills. From the verandas of the hotel a beautiful view can be had of the surrounding country.

Pottawatomie Park, seven miles north of Benton Harbor on a bluff eighty feet in height overlooking Lake Michigan, is named from the oldest Indian tribe in Michigan, and is growing every year in popularity.

Purchase your ticket at our office in Chicago to Riverside and on arrival at the P. M. railroad depot the bus will transfer you through native forests, or if you desire you can take a large launch from the Central Docks up the lake shore to Higman and Pottawatomie Parks. This gives quicker dispatch as well as a very interesting trip.

Paw Paw Lake Resort is not only the largest, but best known summer resort in Michigan, deriving its name from a pleasing little body of inland water several miles in

width and length, with the entire shore surrounded with summer cottages, hotels and boarding houses, all for the accommodation and comfort of the summer visitor and resorter. The clear, sandy beach makes bathing one of the greatest sports to be enjoyed here each day. Boating is one of the many amusements and moonlight boat rides are delightful. Dancing at the different pavilions together with band concerts are also attractions for the pleasure seekers. Crowds of people visit here the whole summer, and the week ends are extremely busy, Saturdays and Sundays being special gala days. Canoeing on the Paw Paw river is one of the finest recreations and should not be missed. The scenery along the river banks far surpasses any other trip of this kind. For your convenience purchase your ticket and check your baggage at Chicago Docks and our steamer will take you to Central Docks, where transfer to the interurban cars is made under cover with no trouble or delays.

Suburban Resorts and How to Reach Them Arrangements have been made to transfer all passengers from Central Docks to the Southern Michigan Electric lines via the city street cars, which have their terminals at the docks, giving to all those who wish to reach their homes, resorts and camping grounds along the St. Joe river a service that is unequalled in the larger cities. Twin Springs resort, noted for its "Fountain of Youth Springs" and delightful river scenery, also the picturesque little city of Berrien Springs, are situated directly on the car line in the center of this resort section. You should be sure to take this trolley ride and enjoy the country.

The Benton Harbor-St. Joe Railway, which connects with our steamers at Central Docks, runs through the resorts along the east shore of the St. Joe river to Dowagiac, passing through the little city of Eau Claire and numerous river resorts, among which are Tabor's, Indian Lake and Sister Lakes, and other interesting places. This line opens up the finest resort country that was ever known. The Coloma, Paw Paw Lake and Watervliet branch runs through a grand fruit country to the greatest of all inland resorts, Paw Paw Lake, where from far and near are gathered thousands of young people for their summer outing. Coloma and Watervliet are two very inviting little cities and are surrounded by a very rich farming country. One should not fail to visit these places during the summer vacation.

hotels, summer resorts and cottages it is fast becoming the ideal spot for people from the south, east and west to spend their vacations during the months of June, July, August and September. The Holland City Hotel, which is now under new management, has large and unexcelled accommodations, being well recommended by commercial travelers and summer tourists.

Of the East Shore resorts none is more popular with the summer visitors than Ottawa Beach and its nearby neighbors on Black Lake. Thousands come every season to these resorts, many of whom return year by year to enjoy its delightful climate and beautiful surroundings, as well as all the out-of-door recreations on both land and water. Ample hotel accommodation is one of the numerous reasons for its ever-increasing popularity.

Ottawa Beach Hotel

There is no finer summer hotel to be found anywhere than the Ottawa Beach Hotel, overlooking Black Lake and Lake Michigan, with its splendid faculty for every summer-time comfort and pleasure. On its broad verandas where the guests gather during the days, a fresh lake breeze brings relief even during the hottest days, and the nights are wonderful, the air delightful, cool and restful, no matter how warm the day has been, blanket covering is very comfortable. The hotel with its spacious lawns is practically surrounded by water, in fact the steamers of this company pass so close to the verandas that communication can be had between passengers and their friends. Many improvements have been made as well as being refinished,

redecorated and equipped. The large ball room has been doubled in size and the dining room has been enlarged over one-third, with wide windows overlooking the lake. This addition is to be used during the evening as a grill room. A large glass sun parlor has been built adjoining the main lobby, the latter having been entirely re-arranged and improved. Forty baths have been added, giving to nearly every room a private bath, and the grounds have been beautified in many ways together with a tennis court and athletic field located near the main hotel; the golf links are located a short distance back of the hotel, where all resorters are welcome to try their skill and pass away pleasant hours. A competent instructor has been engaged to teach beginners.

Macatawa Park

The Macatawa Park Association has a number of very pretty cottages for rent at reasonable prices.

The Hotel Macatawa is located in an ideal spot, as it combines the majestic grandeur of Lake Michigan with the quiet beauty of Black Lake, making it perfectly safe for summer boating and bathing for ladies and children. The hotel is built on a high commanding ridge giving a magnificent view of the great lake and inland water, having all the advantages and privileges of the great unsalted sea, making it a finely appointed hotel superbly situated. Surrounding the hotel on all sides are thickly wooded hills with

labyrinth winding paths shaded by all kinds of forest trees and wild flowers blooming everywhere in boundless profusion. Nature lovers will find this a fairyland of their dreams. No better fishing is to be had anywhere than in Black Lake, with its small-mouth bass, pickerel, wall-eyed pike, muskalong and all the other fish indigenous to the northern waters. The hotel has a large concert and assembly hall, also a string orchestra which plays at dinner and during the afternoon and evening. Dancing is arranged for every evening, to which all guests are welcome, while boating is one of the most interesting features, many of the cottagers having their own launches, while the hotels have boat liveries at which you can secure almost any kind of craft to suit your pleasure. A large modern fire-proof garage has been constructed for the convenience of those who wish to have their cars with them. There are a number of other pleasant hotels, among which are the Bayview, European and Grand.

Waukazoo Inn and Resort

On the north shore of Black Lake is a very attractive family resort.

The Inn is conducted with the best of everything, being supplied with poultry, eggs and fresh vegetables from its own garden as well as fresh milk from a private herd. There are also a number of cottages there that can be rented by the month or season. Situated on a bayou just around from the Inn is Camp Jeannette, a resort for those who wish to enjoy out-of-door life. Most of the people live in tents, and meals are served to

the guests at a large bungalow which has been erected for that purpose; a large yacht is also furnished for those who enjoy sailing. Among other favorite resorts on Black Lake are Jenison Park, Virginia Park, The Beach House, High View Park and Marshall's.

At Interurban Pier, where the G. & M. Line land their passengers, ferry service is arranged to transfer all to the different hotels and cottage resorts with comfort and safety. The new steel steamer "Ottawa," with capacity for 250 people, has been built to transfer the passengers to Ottawa Beach Hotel direct.

Saugatuck and Douglas

Surrounded by wonderful forest-covered hills and valleys where paths lead through overhanging vines and wild flowers are the two quaint little cities of Saugatuck and Douglas, situated opposite each other on the shores of Kalamazoo river, which expands into a small lake at this point, making an ideal spot for those who wish to rest and recuperate. Many home like hotels, as well as private residences, offer fine accommodations at a moderate rate, and to those who enjoy camping, tents can be rented at the grounds of the Forward Movement Park, which has a large property for resort purposes, also an elegant hotel which accommodates three hundred persons. Names and addresses of different places can be found in the last pages of this book. Boating and fishing in the river and lake are two great pastimes, and bathing in the river at the "Great Bend" is enjoyed by everyone who visits here. An immense pavilion, by far the finest building of its kind to be found in this section, has the largest floor for dancing in the middle west, as well as bowling alleys and skating rinks where hundreds of people gather to enjoy the different amusements, of which dancing is the most popular. There is an instructor to teach all the latest dances, while the music is furnished by a string orchestra composed of the best musicians. From Saugatuck a steamer may be taken for a fifteen mile ride up the river, which presents many pretty scenic effects and affords good fishing. Macadamized roads have been made to Holland and Grand Rapids, giving to those who enjoy automobiling a very pleasant journey through the country. Service given by the electric roads connecting with our boats at Interurban Pier, passing Castle Park and other resorts, makes a trip in twenty-five minutes from the time one leaves the boat until they reach Saugatuck. This schedule will be maintained all during the season.

Grand Rapids

Known as the "Furniture City" on account of its famous furniture designers and manufacturers, and the center of the furniture industry of the world, is the second city in Michigan. There are also several hundred other industries here, including carpet-sweeping works, textile factories, machine companies, steel product factories, plaster, paper and flour mills, many engraving and printing establishments. Through the center of the city flows the Grand river, and along its shores are numerous resorts, homes and beautiful parks. Reed's Lake, on the south side of the city, is a body of water several miles in circumference used as a place of entertainment for the pleasure-seekers and is circled with a boulevard, making an ideal drive for automobiles. Ramona, a summer park and resort, is a high class amusement place, and during the summer season best vaudeville as well as other features offer enjoyment to the visitor afternoon and evening.

The Graham & Morton Line with its fine steel steamships and the Grand Rapids, Holland & Chicago Railway with its double track and handsome steel cars give a service between Chicago and Grand Rapids that is unequalled, being known as the "Grand Rapids Short Line," making the trip in seven hours. Direct connections are made at Interurban Pier, where the boats and cars are in waiting, transfer being made under cover without exposure to weather elements. During the summer season the boats will leave Chicago every morning except Saturday at 9:00 A. M., when the schedule is changed to 1:30 P. M.; also every evening at 8:30 P. M., except Sundays at 10:00 P. M., giving a delightful daylight trip or a good night's rest on the steamer. During the spring season, which opens about March 1st, also in the fall season, our steamers run daily, leaving Chicago every evening.

Travel Via Graham & Morton Line

For the convenience of the traveling public, the Graham & Morton Docks in Chicago (foot of Wabash Avenue) are located within easy transportation from North, West or South Sides, also from every railroad depot and hotel, where together with the short trip on one of the large, commodious boats of this line across the finest body of water in the world to "All Michigan," the great resort country, connection is made with electric and steam roads for all interior points, among which are West Olive, Ferrysburg, Lakewood, Montague, Shelby, Hart, Pentwater, Twin Lakes, Holton, Fremont, Newaygo Lakes, Baldwin, Traverse City, Cadillac, Reed City, Greenville, Alma, St. Louis, Bay City Saginaw, Ionia Lansing and Detroit.

The location of the St. Joseph-Benton Harbor division Central Docks is at the east end of the highway bridge crossing the St. Joseph river, on the main thoroughfare, midway between St. Joseph and Benton Harbor, fronting on the local street railway tracks, also the terminus of all interurban lines, where direct connection is made under one roof with interurban cars for South Bend, Niles, Berrien Springs, Twin Springs, Dowagiac, Kalamazoo, Indian Lake, Sister Lakes, Eau Claire, Tabor's, Paw Paw Lake, Coloma, Watervliet, Hartford, Bangor, Fennville, Paw Paw, Lawton, Covert and Millburg; also for transfer to the Big Four, Michigan Central and Pere Marquette railroad depots.

A large, roomy warehouse, 310 feet long by 50 feet in width, two stories in height, has been erected for the accommodation of patrons. Passengers from the street enter on the second floor, where spacious waiting rooms are provided, entrance being made to the steamers from this floor without the annoying feature of passing through the quarters used for freight purposes.

The Interurban Pier gives to Ottawa Beach, Macatawa Park, Grand Rapids and Saugatuck a much needed central transfer point. Passengers from all the resorts on Black Lake on leaving boat at this pier may be ferried to all places by a fine steamboat built especially for that purpose. Those going to Saugatuck or Grand Rapids will board the waiting cars, under canopy covering built to protect against the weather, and be on their way without any inconvenience or unnecessary delay.

Steamers of the G. & M. Line are all of steel construction, with every known modern convenience. Every officer on board is experienced in his position, assuring safety, courtesy, comfort and good service. Combining all this with a pleasant water trip and rail connections makes this line a favorite route for pleasure and business. Tickets may be purchased at the Chicago ticket office to all points in Michigan and northern Indiana. For local schedule and rates see last page of this booklet.

On pages 18, 19, 20, 21 and 22 you will find a complete list of Hotels and Summer Boarding Places in this territory, all of which are of the very best. By corresponding with the different parties you can no doubt locate one that will please you.

THE FRUIT OF MICHIGAN IS CONDUCTIVE TO GOOD HEALTH

How to Make a Vacation Profitable

A great many men of moderate means declare that they can not afford to take a vacation in summer time; they can and do send the family away to some resort where, even though the service of hotel or boarding house may be the best that money can buy, there is never the comfort that is to be had in one's own home. Therefore, on the score of economy, and also because of the greater comfort of the family, why not have a summer home?

Owning a summer home in the nearby lower Michigan country is perfectly feasible for the Chicago business man. Scores of them are now land owners in this section, and are not only making the summer home pay for itself in the added comfort it brings to the family vacation, but they are actually making it show a profit. A five-, ten- or twenty-acre "ranch" in this section of Michigan, set to fruit, and with chickens as a side line, can, with proper management and attention, be made to pay well.

There are a number of conditions which

enter into the possibility of success in making the summer home pay. For the majority of men the first of these conditions means nearness to Chicago. This section of Michigan is accessible from Chicago in from four to six hours' time by the Graham & Morton Line, and steam and electric railroad

Berrien County Peach Orchard and Farm Home.

MICHIGAN'S ROADS ARE BEST FOR AUTOMOBILING

connections at the several Michigan ports. The cost of transportation is but little higher than living within twenty miles or so of the city. This is the fruit country; climate and soil are perfectly adapted to growth of tree and bush fruits and vegetables.

Any information required regarding this territory will be gladly given upon your application at the Graham & Morton offices in Chicago, Benton Harbor or Holland.

Automobiling No state in the Union has developed and improved the country roads in the past few years like Michigan. The laws of the state give to each county certain rebates for these improvements, and every attention is given toward the betterment of each road, so that today you can ride for miles and miles over the best macadamized roads through the finest farming countries in the world, making automobiling a great pleasure for a day or week's trip. Each year automobile parties are increasing, taking advantage of the delightful day or night trips on the G. & M. line to St. Joseph, Benton Harbor and Holland, shipping their car on the same boat, and on arriving at destination speed off into the country over these delightful roads. Your automobile should be at our dock at least thirty minutes before sailing in order that gasoline can be properly drawn from tanks (a marine law that is rigidly enforced). A receipt for the gas drawn is given to the shipper, which on being presented to agent at end of trip, same amount of gas is returned with no extra charge for services rendered. The following are rates for automobiles handled by this line:

Runabouts not exceeding three passengers—To St. Joseph-Benton Harbor, one way, \$4.00; round trip, \$6.00, prepaid. To Holland, one way, \$5.00; round trip, \$7.50, prepaid.

Touring cars, four passengers or more, racing cars—To St. Joseph-Benton Harbor, one way, \$5.00; round trip, \$7.00 prepaid. To Holland, one way, \$7.50; round trip, \$10.00 prepaid.

Automobiling on the Lake Shore Drive, South of St. Joseph.

MICHIGAN HAS IDEAL CAMPING GROUNDS

The Graham & Morton Line, Pere Marquette R. R., and Detroit & Cleveland Navigation Company afford to one wishing to visit Detroit, Cleveland, Buffalo, Niagara Falls, Toronto, Montreal, Boston or New York a trip of most interesting pleasure, breaking the long all-rail or all-water ride. Leaving Chicago at 9:00 A. M. or 8:30 P. M. daily, you have a delightful day or restful night on Lake Michigan, arriving at Holland in six hours, where connection is made with P. M. R. R. through the heart of Michigan's great grain country to Detroit; then via D. & C. steamer to Cleveland or Buffalo, where boat and rail connections are made for eastern points. The lake and rail trip make a most enjoyable combination for anyone contemplating a real trip for pleasure and recreation.

A trip to Cleveland or Buffalo from Chicago takes two nights and one day on the finest steamers sailing fresh water, giving ample time to see the points of interest in the different cities as well as enjoying the fresh air on the waters of Lake Michigan and Lake Erie, with but six hours of railroad in the whole journey. The passenger fare, meals and berths extra, is \$8.58 one way, \$16.41 round trip, to Cleveland; \$10.08 one way, \$19.41 round trip, to Buffalo.

A cool trip on the water, whether on business or pleasure, is relished by everyone. The fast

lake boats of the present time nearly equal the speed of railway trains and the expense is much less. You also have every comfort of home in traveling by the water route.

Below we give a rail and water schedule, showing time of arriving at and departing from the various points.

THE MINERAL SPRINGS HAVE GREAT CURATIVE PROPERTIES

Eden Springs House of David

Many new and great improvements over last year for the coming season at Eden Springs. New improved ten-pin bowling alleys, which afford great amusement for men, women and children. Also great improvement in the bands. In addition, a wonderful swimming and bathing pool, also a large stone amphitheatre, Dance Pavilion. For rooming accommodations make early arrangements.

Eden Springs, Southern Michigan's popular recreation grounds, one mile east of Benton Harbor. A pleasant trolley ride from the boat landing, Twin Cities, passing through Benton Harbor, lands the visitor at the Israelite headquarters, where the band plays and three hours' entertainment may be enjoyed. The grounds are large and the admission is free.

In this delightful, healthful resort, with its many mineral springs, are found many other attractions not furnished in other parts. In the aviary and zoo are kangaroos, also wallabies, a species of kangaroo, and large emus, and numerous strange and beautiful birds from Australia. These and other attractions are in a naturally shaded ravine, which also contains a beautiful lake, walks and drives. A miniature railroad, with improved trains and figure eight track, traverses a spacious park, crossing the ravine at two points, affording a fast, exciting and safe ride. The bridges are capable of holding up a standard locomotive and train. Both adults and children will be amused and instructed by a visit to this most unique resort in Michigan.

Eastman Springs

Situated on the electric line near Benton Harbor, is known to resorters in all parts of the country, having been visited by hundreds of thousands in the past twenty years. The springs, a score or more in number, are situated in a natural wooded glen of some forty acres, and are one of the most remarkable groups in this or any other country. The waters are pure, sparkling, cold and abundant, and are famed for their curative properties. An unusual feature is, that while these springs break from the ground close to each other, an analysis shows them to possess properties each widely differing from the others.

For those who desire an afternoon of quiet and rest, an afternoon close to nature where God's handiwork is accentuated among the trees and flowers, where the birds sing—a trip to Eastman Springs is unsurpassed. Here in the midst of a beautiful natural forest are cozy seats and shaded swings, away from the busy world.

A beautiful park for the pleasure of visitors is maintained, together with many cottages, a good hotel, and a sanitarium is conducted in connection with the springs.

Tickets

Tickets to all points are sold subject to delays on account of weather conditions. **Lost Tickets**—This Company is not responsible for lost or destroyed tickets, and purchasers should exercise every precaution for their security. Be sure to examine destination on tickets before leaving window. Any disagreement with agent or purser as to tickets, privileges, etc., the passenger will please pay agent's or purser's claim, obtain receipt and refer same to **General Passenger Agent** at Chicago. All officers are governed by Company rules which they have no authority to change. Full fare is charged for everyone of 12 years and over. Children are limited to half-fare between the ages of five and twelve. Those under five years of age in charge of parents or competent person are carried free of charge. This rule is always enforced.

Redemption of Tickets

Unused tickets or portions of same, issued by this Company, should be sent to the General Passenger Agent, who will be glad to arrange for refund of whatever value the tickets may have, after deducting the regular fare covering the portions of the tickets used.

Berths

Passengers should examine Berth Check to see that same is dated for the trip to be used. Accommodations for sleeping can be secured several weeks in advance if desired, but must be paid for by noon of the date of sailing. Patrons of this Company residing out of the city can secure reservations by wire, phone, or mail, and be assured that their order will be given prompt attention. Requests for reservations should be sent to the General Passenger Agent at Chicago and Agents at Holland, Benton Harbor-St. Joseph terminal, also to the agent of the G. R. H. & C. Ry. at Grand Rapids, giving full name of party traveling and accommodations desired. Man and wife must purchase whole room. Between Chicago and Benton Harbor and St. Joseph, \$1.00 additional will be charged for use of entire stateroom or parlor, if occupied by only one person, on Steamer leaving Chicago on Saturday nights and on night preceding all Legal Holidays, and leaving Benton Harbor and St. Joseph Sunday nights and on night of all Legal Holidays, from May 28th to September 10th, both dates inclusive. Between Chicago, Holland and Interurban Pier, \$2.00 additional will be charged for use of entire stateroom or parlor if occupied by only one person on Steamer leaving Chicago Friday and Saturday nights and on night preceding all Legal Holidays and leaving Holland or Interurban Pier Sunday and Monday nights and nights of all Legal Holidays from May 28th to September 10th, both dates inclusive.

Baggage

Baggage must be checked or claimed by passengers before boarding steamers. Dogs, birds or other pet animals are not allowed in saloons or staterooms under any circumstances, and must be delivered in care of Baggage Master on board. Only ordinary hand baggage is allowed in staterooms; the Company assumes no responsibility for baggage or other personal effects left in the staterooms or saloons of steamers. 150 pounds of baggage consisting of wearing apparel only, not exceeding \$100 in value, will be transported free on each full-fare ticket, and 75 pounds not exceeding \$50 in value on each half-fare ticket. All baggage weighing in excess of those quantities will be charged for at the rate of 25 cents per 100 pounds, when the passenger fare is \$1.50 or less, and 5 cents additional per hundred pounds for each 30 cents or fraction thereof increase in through passenger fare, with a minimum charge of 25 cents for each shipment. The Graham & Morton Transportation Co. does not assume any liability for loss or damage to baggage beyond the value named above unless a true statement of the value of said baggage is made to said Company at the time when check is issued therefor and an additional amount paid for the carriage thereof at the rate of 25 cents for each hundred dollars valuation in excess of \$100, if checked on full-fare ticket, and in excess of \$50 if checked on half-fare ticket, and unless a Special Declared Valuation Check is secured from said Company showing the declared value of said baggage and the amount paid said Company for assuming the extra declared valuation liability.

Bicycles, Tricycles and Baby Carriages will be transported free at owner's risk as far as local points only.

Storage

Storage will be charged on each piece of baggage, either in-bound or out-bound, checked or not checked, remaining in Graham & Morton Transportation Co.'s dock at Chicago OVER 24 hours, as follows: The first 24 hours free. The second 24 hours or fraction thereof, 25 cents. For each succeeding 24 hours or fraction thereof, 10 cents. **Except**, that baggage received any time Saturday will be held until the same hour Monday without charge, and baggage received any time Sunday will be held until midnight Monday without charge. If, in either case, however, baggage is removed later than the time stated on Monday, then Sunday shall be included in computing the charge. For this exception, legal holidays shall be considered the same as Sundays.

Lost Checks

A collection of 25 cents will be made for each lost duplicate check, whether metal or paper. Before delivery, such baggage must be thoroughly identified and a lost check receipt taken, showing name and address of the claimant. If lost check is found and forwarded to the General Passenger Agent of the Company within 60 days from delivery of baggage, refund will be made.

Suggestions and Complaints

The Company invites suggestions for improvements and criticism of its service, and will be glad to have prompt advice of any incivility or inattention on the part of employees. The management aims to render service first-class in every respect; communications regarding these matters should be addressed to the Assistant to the President and will receive prompt attention.
